

FLORIDA DEPARTMENT OF JUVENILE JUSTICE

Charlie Crist, Governor

Walter A. McNeil, Secretary

January 28, 2008

Dear Ms. Vega,

I must express my genuine appreciation to the Arise Foundation for providing the Life Skills Training at the Broward Regional Juvenile Detention Center on December 12th and 19th 2007. I have heard nothing but positive feedback from my staff that participated in the course.

The training provided the officers with a product fine-tuned to their needs to effectively work with the youth and other officers. Suffice it to say that in the two days they spent with your trainers, they have literally changed our officer's lives. Each officer has personally thanked me for allowing them to participate in the training and has expressed their interest in attending additional trainings from your organization.

It is my aspiration to have at least two-thirds of the officers participate in your organization's training sessions. The greatest part of the training is it could be used in the work place or in everyday situations outside of the work place.

I look forward to our organizations continuing to work together.

Best Regards,

Anthony C. Flowers
