We at ARISE are thankful for your support that has allowed us to deliver this amazing program to incarcerated youth fifty-two weeks a year.

This year ARISE-certified instructors taught **369,291** documented hours of ARISE Life-Skills Lessons. With ARISE's \$250,000 federal appropriation, that's only **\$0.68 per hour** for instructor training, retraining, and *all* course material for the youth and juvenile guards who actually teach these young men and women ARISE Life-Skills lessons.

The ARISE Intervention/Education/Re-Entry Life-Skills program for juvenile offenders is being taught each week to an average of over 2,000 of Florida's most serious delinquents held under lock and key across the state.

Every month ARISE provides Florida DJJ facilities with new evidence-based ARISE Life-Skills Lessons, conducts all program management, and also contracts for independent program evaluation.

Thanks to your support, ARISE has become the gold-standard for life-skills programs for high-risk youth.
