Dear ARISE Foundation,

ARISE has been involved with providing training and services to juvenile detention staff for the past several years. I would like to express the overwhelmingly positive feedback I have received from those staff with regards to your training. The Drop It At The Door training has provided these staff with new concepts and ideas about themselves, their work, and the youth. The staff are eager to use the skills they have learned from your instructors. I am looking forward to our continued relationship with ARISE, as the results are seen in the facilities and in the lives of the youth we serve. Thank you for bringing this very important and relevant training to us.

Sincerely,
